

NAVPRAYAS

(A GROUP OF INNOVATIVE THOUGHTS)

'NAVPRAYAS', a Hindi word which means 'New effort', is a voluntary organisation established in the year 2000 with the motive of the upliftment of the native society (Manpur Patwatoli) in the educational, society and moral aspects. It is a team of society students studying in different colleges under various streams across the globe.

This group allows us to think together in better way for spreading the light of education, matching the present scenario and other technical/non-technical developments in Manpur. We as a team leave no stone unturned in honouring them who set a milestone in dignifying our society through their dormant achievements. We, group of positive thinkers, feel that a lot needs to be done, can be done & should be done to bring it at par with rest of society.

Every year, it adds new members with hidden dedications pouring into various events to make it a grand success. Since the inception of Navprayas, following events have been organized under its banner: -

VIDYA JYOTI: - Vidya Jyoti is an educational initiative taken to educate women of the society who could not try their hands at students due to their commitment in shaping their children's future and wish to learn. We appreciate their indomitable spirit and provide them free education and various needful skills which will directly or indirectly change the society structure.

VRIKSHAROPAN: - This was an attempt to make students of local school aware about the importance of trees. Though it was an independent event, we expect Government help in such events in coming years.

EYE-DENTAL CHECK-UP CAMP: - A free medical check-up camp was organised for poor and needy residents of our society. Check-up was done by esteemed doctors of Gaya such as Dr. Sita Ram, Dr. P.N. Roy. The camp was a success with humongous participation.
